

**ASL Fall Hours**

Mon—Thu: 9a—10p
 Fri: 9a—6p
 Sat: 1p—5p
 Sun: 1p—10p

EXCEPTIONS AND CLOSINGS:

CLOSED: Mon., Sep. 5
 CLOSE @ 7: Wed., Nov. 23
 CLOSED: Thu., Nov. 24
 CLOSED: Fri., Nov. 25
 CLOSED: Sat., Dec. 18

OPEN: Fri., Oct. 28
 OPEN: Fri., Nov. 11

**ASL installs 11 x 17 color printer***You asked, we answered!*

After many requests from our patrons, the ASL purchased a new Hewlett Packard Color LaserJet 5550dtn. This new printer quickly prints documents up to 11" x 17" in size. Prices for printing for UNLV students & faculty are \$.25/sheet for 8.5" x 11" and \$.50/sheet for 11" x 17".

**Arthur C. Clarke Foundation Charrette**

The ASL hosted the final jury for the Arthur C. Clarke Foundation design competition on June 30. Some of the School of Architecture's brightest students competed to design the Clarke Foundation's Center for Imagination and Opportunity — a building slated for UNLV in the future. Each four person team in the competition received \$3,000, with the winning team receiving an additional \$1,000. The winning team members were Vince Novak, Fritz Bakker, Jane Michael, and Alicia Ziegler.

The Charrette Exhibit is currently mounted in the ASL's second floor gallery. A virtual exhibit is on our website at: http://www.library.unlv.edu/arch/events/charetteJune30_2005.html.

Featured Resources

The ASL has designed several resources to assist you with your academic life; they include:

- Our featured book: this changes as helpful or interesting titles are selected. The featured book display is located on top of the reference collection. It can be viewed online at: <http://www.library.unlv.edu/arch/featuredbook.html>
- Faculty recommended reading lists: School of Architecture faculty have recommended titles for students to read. New this summer: Landscape Architecture recommended reading. Check it out at: <http://www.library.unlv.edu/arch/readinglists.html>
- Building of the week: highlights interesting and/or award-winning buildings in the Las Vegas Valley. This online exhibit is updated weekly and can be visited online at: <http://www.library.unlv.edu/arch/featured/buildingoftheweek.html>

Meet the ASL Staff

- **Jeanne Brown**, Head, Architecture Studies Library
895-4369; jbrown@ccmail.nevada.edu
- **Paulette Nelson**, Architecture Studies Library Supervisor
895-1963; pnelson@ccmail.nevada.edu
- **Jason Aubin**, Assistant Architecture Studies Library Supervisor
895-1966; jason.aubin@ccmail.nevada.edu
- We also have two graduate assistants and several student assistants to help you

CHECK OUT OUR
UPDATED WEBSITE AT:

<http://www.library.unlv.edu/arch/>

Nevada Public Radio presents architecture programs

Nevada Public Radio (KNPR) has presented several radio programs related to architecture and southern Nevada. Topics include the 61 acres downtown, public architecture, Wynn Las Vegas, and more. We've set up links from our website at: <http://www.library.unlv.edu/arch/lasvegas/century.html> ■

New LCD Projector

The ASL acquired an Epson PowerLite 745c LCD projector. The projector can be used by UNLV students and faculty in the library, including in our group study rooms (ARC 113 & 114). We've set it up on a portable cart with one of our laptops, just in case you don't have your own. ■

Las Vegas architecture...

Do you need help researching Las Vegas? We're here for you! Our Las Vegas guides & collections page [\[http://www.library.unlv.edu/arch/lasvegas/\]](http://www.library.unlv.edu/arch/lasvegas/) is a great place to start.

If you have a specific building or architect, check out our Las Vegas architects & buildings list at <http://www.library.unlv.edu/arch/architectlist.html>. Note: this is a very large file, and works best with Internet Explorer 5.5 and higher.

The ASL has also compiled self-guided architecture tours in eight regions of the Las Vegas valley, including downtown Las Vegas; north/northeast, west, east, and south Las Vegas; UNLV; Summerlin; and Green Valley/Henderson. All tours are on the ASL's website, complete with photos, and were updated this past summer. Pamphlets [in MS Word format] are also on the web. Visit the tours online at: <http://www.library.unlv.edu/arch/lasvegas/drivingtours.html>.

Our local planning materials collection includes local government planning documents, maps, aerial photos, CDs, and more. The collection list can be accessed at <http://www.library.unlv.edu/arch/localpla.html>.

The ASL has recently added a Las Vegas map guide, listing maps from our collection (and their locations) by decade. Check this handy tool out at <http://www.library.unlv.edu/arch/maps/aslspecialcollmap.html> ■

Online tips for finding and using resources

Check out our Finding Resources page for help using the ASL, finding and evaluating information, getting started on in-depth research, locating resources on Las Vegas architecture, and many more categories. Our 14 modules are aimed at self-directed learning, class assignments, and identifying the best websites or starting points.

Module 14, Advanced Research, was recently revised. Students preparing to embark on a research project should review this before beginning.

The Finding Resources page can be viewed at: <http://www.library.unlv.edu/arch/instr/onlineinstruction.html>. For more information or to incorporate these modules into your class, contact Jeanne Brown by phone at 895-4369 or via email at jbrown@cmail.nevada.edu ■
